

# EPIC

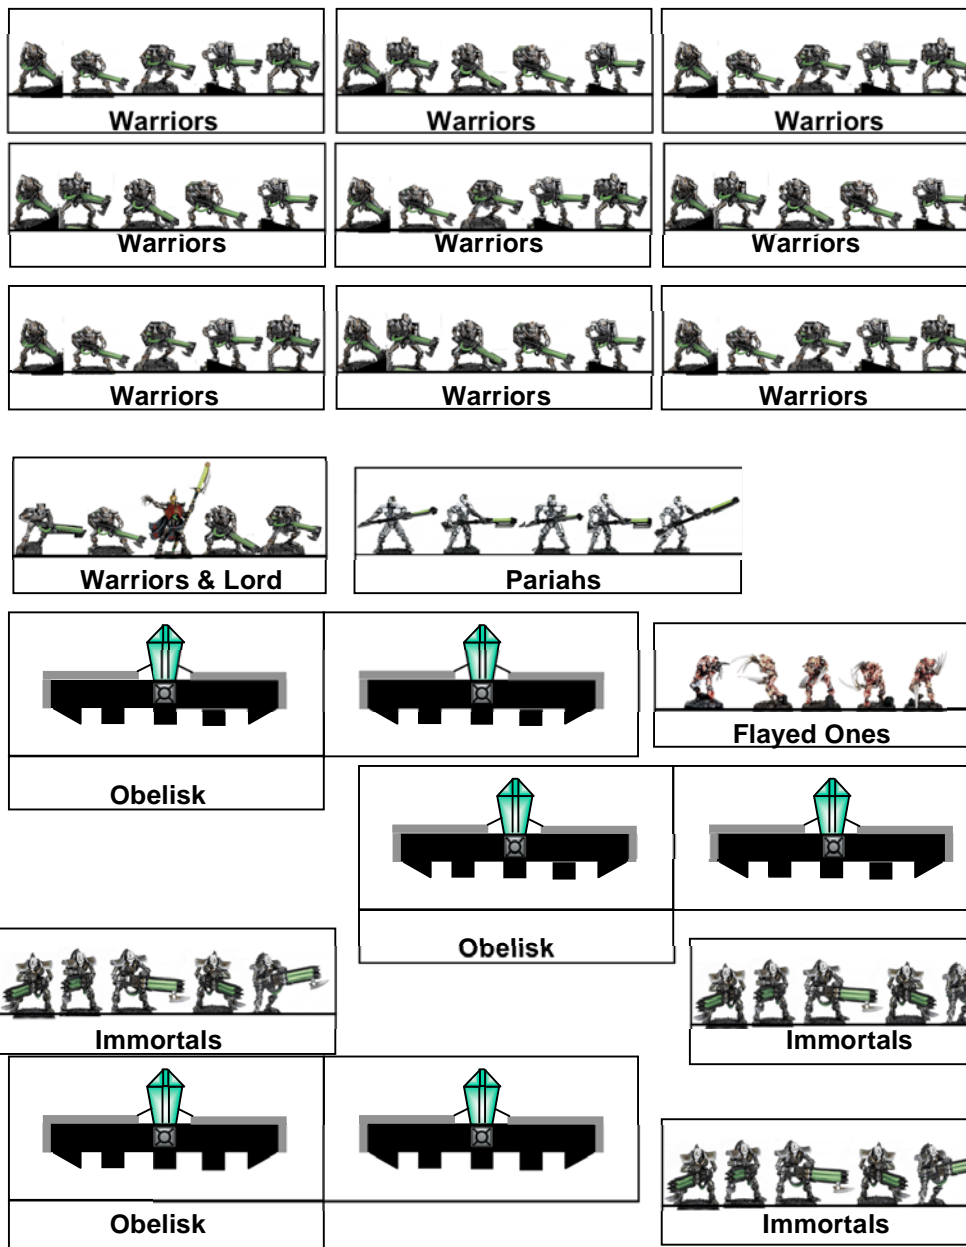

## Necron Play-test figures

By Greg Bak

For use as proxies when play testing the Necron experimental list.

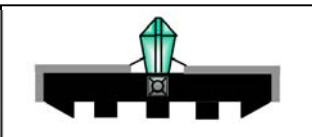

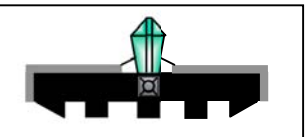

### Directions:

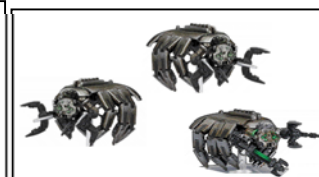

1. Cut out paper Necron Play-test figures. If figure has reverse side, fold and glue.
2. Fold bases back and glue on epic size bases (1x4 cm for infantry, 2x2cm for destroyers / Tomb Spyders, larger bases as required for war engines / spacecraft).
3. Game on!
4. Note: For a more detailed effect, cut out each figure individually and place them at different depths and angles (not always on line and facing straight ahead). This takes a little more time, but figures look much better in the end).

		
Destroyers	Destroyers	Destroyers

		
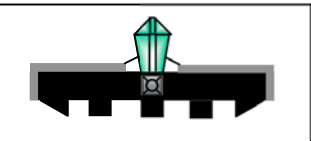

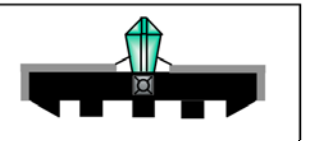

Destroyers	Destroyers	Destroyers

		
Destroyers & Lord	Obelisk	

		
Heavy Destroyers	Heavy Destroyers	Tomb Spyderys

		
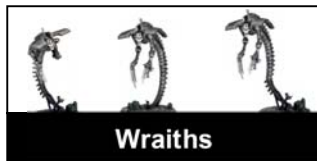

Heavy Destroyers	Mixed Destroyers	Tomb Spyderys

		
Mixed Destroyers	Mixed Destroyers	Tomb Spyderys

		
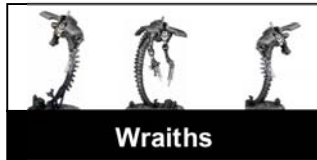

Obelisk		Mixed Destroyers
