

Selected excerpts from the 'Linz correspondence' with Stephen Colm (translated from the German)

'...There are 600 million Chinese and about 200 million Russians. All united in a determination to destroy the West – never mind that the Soviet system has collapsed – their enmity runs far deeper and older than that. And we have been so misled that we live in a dream world - far away from reality. Hitler's defeat was the defeat of Europe. And America. How could the world have been so blind? The blame, it seems, must be laid at the door of the international Jews. It was their propaganda, lies and demands that blinded the West as to what Germany was doing. It is good that men of wisdom such as you exist to expose their lies. There are other men who also know the truth of this. Be assured that you are not alone in your struggle'

'Who is using who? Who is calling the shots? History supplies the answer to this. History tells us plainly who our Enemy is. Our Enemy today is the same Enemy of 50 years ago and before - and that was before Communism. The Communists are "using" the Jews we are told ... who were "using" the Jews fifty years ago - one hundred or one thousand years ago? History supplies the answer. The Jews came first and remain the greatest threat. Their power is intimidating, but theirs is not the only Power. But I must not speak of this as yet.....Take heart and know that a new day must dawn. Help is at hand that will cause our Enemy to quail.'

'In fact, no objective Scholar can deny today that the world would be a far better place to live if Germany had won - even if it had meant the defeat of American arms! I know you to be a patriot and to hear such things must trouble you – but deep down you know the truth of what I say. I think you are a man who is not afraid of Truth....and there are such wonders that I can share with you. You should know that the Reich was not without the means to smite its enemies even unto the very End. The Zionist liars and their lackeys would have it otherwise – but do not be fooled. The final Act is yet to be written.

'Let us first understand who won and who lost the last war. The victors were Soviet Russia, international Communism, Red China, Israel, international Zionism, the international money manipulators - and rising colored nationalisms the world over. Let us now name the losers: All of the European nations, most certainly including Britain and her now non-existent Empire, the United States, White world-hegemony and the idea of the war-preventing, world-saving philosophy of nationalism and non-interference in the affairs of others.....'

'The important thing to note is that a German victory would have assured that the life-span of the White world would have been extended for many centuries more than now seems likely; indeed, for the "thousand years" promised by Hitler. But the dream of that promise lives on – even if the struggle will be ever greater to achieve it. Friend, you are not alone. I will contact you to show you the truth of this and the Power that we command. Soon, you gather your friends in the Review to you in Conference to seek and share the Truth that we all know. Await my call in the days before your meeting - and follow my instructions. Enlightenment and Destiny are at hand.'
